## Apcalis® Oral jelly

### What is this medicine?

TADALAFIL is used to treat erection problems in men. Apcalis® Oral jelly (Tadalafil) is an Ajantha Pharmaceuticals' product. It is a great alternative for brand and generic Cialis offered with Mango and Orange flavours. Flavours for your order are chosen randomly.

### What should I tell my health care provider before I take this medicine?

They need to know if you have any of these conditions:

- eye or vision problems, including a rare inherited eye disease called retinitis pigmentosa
- heart disease, angina, a history of heart attack, irregular heart beats, or other heart problems
- high or low blood pressure
- kidney or liver disease
- stroke
- an unusual or allergic reaction to tadalafil, other medicines, foods, dyes, or preservatives
- pregnant or trying to get pregnant
- breast-feeding

### How should I use this medicine?
